#### Jun Kick Ass with Christine Haslet!

2

6:30 pm - **Christine Haslet** will share her "follow your bliss" philosophy that she has both lived and prospered from... for more than 22 years in the photography business.

9:00 pm

Currently living and photographing in San Diego, California...she and her husband Steve own, Elope San Diego. Over the last two and half years, they have photographed and married (Steve's a wedding officiant) about 600 couples on the beaches of California! Prior to 2006, Christine was one of Seattle's busiest and most sought after photographers beginning in 1987.

While she admits her photography is pretty nice, she is most proud of the entrepreneurial spirit she has been blessed with... her business savvy and her boundless energy. On Tuesday night, she will share with you her current adventures and hopefully inspire you to look at your business from a different perspective. We hope to see you there for a fun, inspiring and yes, educational look at your photography ... as a business!

Christine has owned a portrait photography business for over 22 years. She is a former RN, mom of three, grandmother of five. She's the winner of a Fuji masterpiece award, PPW Best bride's award, PPA certified in 1997, her work has appeared in the New Yorker magazine, Seattle Times, Crane Stationery selected her baby images for national promotion. She has given numerous seminars to fellow photographers over the years. And most recently worked as a consultant with clients wanting to grow their businesses.
