I had a very good time with Steve and Christine when needing a small, classy, professional, wonderful and beautiful wedding ceremony. They both have great experience and I was very pleased. My bouquet was exquisite! The wedding photo poses made the personalized C.D. sent after perfect, and the ceremony spot and vows were up to us! Loved it! Steve and Christine have a great business going and I could not have asked for a better set-up on a very important day. Already passed our one year anniversary! I would definitely recommend **Elope San Diego** to anyone wanting to embrace the beauty of **San Diego** for their intimate wedding and two people who really care about what they do and where!!!!

Thank you Christine and Steve!

We struggled for a while deciding about what kind of wedding we wanted. We knew we wanted a no fuss, relaxed wedding and it was seeming nearly impossible with the way the wedding industry is. We did a lot of careful research and are so happy we choose to work with Christine and Steve. Incredible location, ceremony and pictures. My flowers were beautiful too! Our families were so impressed and can't stop talking about it... Everything went so smoothly and I can honestly say that I enjoyed every moment of our day, with no stress! How many people can say that about their wedding day?

Thanks guys!

We had a wonderful wedding day thanks to Steve and Christine. They are the perfect choice if you want an easy, no-fuss wedding. We had a small ceremony on the beach at Coronado. They showed up on time and everything went as planned. They were very flexible, allowing us to structure the ceremony and write the vows the way we wanted it. The photos that Christine took turned out really well and we received them very soon after the ceremony. It really was a magical day!

We couldn't have asked for more, from an elopement service. My husband and I wanted a very low key, but romantic and beautiful wedding, on the beach, with just the two of us. We planned our entire wedding ceremony with Christine and Steve in less than 3 weeks and were so pleased with how wonderful they were and how at ease they made us feel. I was extremely pleased with the quality of the photos and had a personalized CD within weeks. I would highly recommend them if you are a low key couple who want a simple,

beautiful elopement.

The experience we had with Elope San Diego was a very positive one and we were extremely happy with the online services as well as the details on the day of our ceremony. The photos turned out beautifully and we were very pleased with the location we chose on Coronado Island. We found Steve and Christine to be a friendly couple who were attentive and really seemed to enjoy themselves as well. Thanks again for creating such a memorable wedding day!

Our experience was magical with Christine and Steve! We could not have asked for anything better. All the details were perfect, they lived up all that is promised on their site and then some. They were very pleasant and seemed to love what they do. Before the big day they were prompt, very easy to work with and very accommodating. I think our profile picture speaks for itself as to quality of the photography, absolutely amazing! Being out of state and being able to safely and easily (really just needed to answer a few questions) to book our entire wedding ceremony down to the flowers on-line was the best! No Stress, No Fuss. Christine and Steve, thank you!

My husband and I wanted a simple and beautiful ceremony on the beach, and that's what we got. Location was beautiful, ceremony was short, sweet and to the point. Our photos turned out unbelievably beautiful. We were coming to San Diego (from Seattle) to visit my sister, and made all the arrangements online. Everything turned out great, and we are coming up on our first anniversary!!! Thanks Steve and Christine!

Hi Steve and Christine!!!! We are coming up on our 1 year anniversary in July and we couldn't be happier! Our beautiful Coronado Beach front wedding was exactly what we wanted and it could not have been easier or more user friendly. Via a few simple emails our wedding was set up perfectly for us. This included Christine graciously working with me on the bouquet to match my colors to one they had previously shown. She is a jewel. Their website was so easy to use and we wrote our own vows with the help of their vow samples and suggestions. Steve called and confirmed everything with us and we met on our wedding day close to sunset for our pictures and I have to say that Christine is exceptional, not only in her photography skills but in her ability to make you feel comfortable. She got pictures that I didn't even know she was taking and our wedding album and CD are a true treasure of our day. Steve made our vows come alive and the ceremony was truly personal, and exceedingly special. We could not have asked for a better wedding day and it was just what we wanted. If you are looking for a truly simple yet special wedding that is reasonably priced with lots of customizing options. Paired with a couple that truly cares and have a combination of great talents to share, Elope SD is for you. Thanks Again, for everything!

Steve and Christine made this a very easy day for me and my family. My husband is in the military and we got married in the courthouse about a month before our wedding ceremony. I always wanted to have one on the beach but since I was moving from across the country I had no idea where to go. I found their website gave Christine a call and she set it up for me it was perfect. They day went smoothly the pictures were beautiful and my family loved it we could not have asked for a better day.

Elope San Diego is the perfect wedding option if you are looking for a wedding ceremony that is stress-free, personalized, and romantic. My husband and I wanted to be married on our anniversary so we had a very specific date in mind. My sister in law contacted Christine

with our proposed date and she quickly checked the availability and booked the ceremony. Christine was always sure to send all emails to both me and my sister in law so that we all knew what was going on. The bouquet was beautiful and I was able to chose the one I wanted from a variety of options. I also requested that I walk down the beach with my dad and they were happy to accommodate my request. I received the pictures within a week after the ceremony and they were absolutely beautiful. We were able to write our own ceremony and Steve captured it wonderfully. When any of my friends or family see the pictures they always ask "how were you able to afford a wedding like this" and I am always quick to share all of the wonderful perks that Christine and Steve offer in their package. I was 22 when I married my husband and we never dreamed we could ever have a wedding like this...so we both thank Christine and Steve from the bottom of our hearts!

Happy anniversary and happy memories of our marriage one year ago. Our wedding on the beach at the Hotel del Coronado was beautiful and perfect. Steve did a great job with the ceremony and Christine took awesome pictures that we still show off to our friends. Working with Steve and Christine could not have been easier. In just a few short emails, we had our elopement planned. They were friendly, helpful, and open to our ideas and desires. We had great confidence that everything would work out beautifully, and it did. Steve and Christine were even nicer in person than online. They made the nervous time very relaxed and easy. They were consumate professionals throughout the entire experience. We definitely recommend them for a meaningful and memorable, simple and small, lovely and loving wedding.

Steve and Christine are an awesome choice for anybody looking to elope Vegas-Style (quick and easy) on a beautiful beach in San Diego. I knew nothing about the couple before hiring them to create my wedding day. There website is a beautiful, honest indicator of the quality of their work, and they made me feel completely at ease. I first emailed Christine at around 10pm on a Sunday and had a response that same night! She even let me change my date and time around at least twice, which meant the world to me as I was trying to coordinate family flights etc. They gave us great advice on writing vows, and provided my husband and I with beautiful photos. I guess the best part of my experience was not having to do any work and still loving the outcome. If you are a bride-zilla or if you think you might be, this is not the service for you. This is a service for people that value simplicity and ease. Christine and Steve keep great lines of communication open and are nothing if not professional.
